

Vikings at Little Munden

Hazel Class enjoyed an exciting day of activities about the Vikings. We looked at artefacts, listened to stories, and even got to try on some costumes and helmets! We became archaeologists and dug in sand to find objects, deciding whether or not they were likely to be from the Viking period. In the afternoon we practised some archery, even aiming at a moving target! Poor Adam was covered in bruises by the end of the session! Thank you to FOLM who fully funded the day for us.
