

2024 School Journey to West Runton, Norfolk

Oak Class spent three fantastic and exciting days at Kingswood in West Runton in Norfolk for their class residential. The children had a fabulous time, with each day full of different events and challenges. With activities including Zipwire, Leap of Faith, Bush craft, Caving, Nightline and Problem Solving there was something to challenge and inspire everyone.

The pupils set off from school just after 10am and arrived at Kingwood just after 2pm and their first challenge was to make their own beds! Duvets, pillowcases and sheets, it soon became clear that Mr Dobner, Mrs Makin and Miss Brown would have to help out. Breakfast (cooked and continental) was served at 8am, lunch at 12.30pm and dinner at 6pm and at each serving the children had multiple options (and helpings!).

We managed to avoid any rain although Thursday was on the chilly side! So, after a day packed full of activities the class decided on a movie night with hot chocolate rather than a camp fire. Friday saw the last of activities where we all got our Robin Hood fix as we learnt archery.

Everyone had a fabulous time and Mr Dobner used the school X (twitter) page to keep the parents up to date with how everyone was getting on. The children and staff returned to school just after 4pm on the Friday afternoon and no doubt slept well over the weekend.
