September 2026

After a well needed Summer break, we returned to school refreshed and revived, ready to start our new school year. The children have all settled back beautifully and there is a really lovely vibe around the school.

We welcomed some new families with young children in to our Nursery, along with some younger siblings. The staffing team has increased with 3 new TA's this year who, we can already see, are going to be a great fit for our Little Munden staff team.

Even though, as I write, we're only 3 ½ weeks in, we've already had our first Charity fundraising day for Jeans for Genes raising £84.35. We've planned theme days on WW2, Stone Age, Roald Dahl, booked the annual Pantomime visit, planned Christmas parties, nativity performances and even a new style Christmas Fayre, but first we have our Harvest Service and a visit by Acorn class to the Pumpkin Patch at The Christmas Tree Farm. We're very grateful to Russell Parkins who always makes us welcome and tells the children all about the different types of pumpkins he's growing that year. In the upcoming newsletters we'll share pictures and more info about the various events and activities.

It's also the time of year when our Year 6 children are starting to look at the local secondary schools for the next stage of their education as they have to make this decision by the end of October. We're also being contact by parents wishing to view our school for future nursery and reception places. The admission process for Reception places will open soon, with a deadline to make applications in January. If this could be you, please call or email the school office and we'd love to meet you for a personalised visit and tour with our headteacher.

All information regarding school admissions from Reception upwards is available on this link [School admissions and transport | Hertfordshire County Council](#). Nursery applications are dealt with directly by us.

For now, here are a selection of lovely photos of the children in our Acorn class (Nursery/Reception) which should put a smile on your face 😊 (Does the world look better upside down??) and a few of Hazel class (Year 3 and 4) doing some science experiments.
